**THE 4th INTERNATIONAL SCIENTIFIC CONFERENCE
OF YOUNG SCIENTISTS AND STUDENTS
"EARTH SCIENCES NEW APPROACHES
AND ACHIEVEMENTS"**

ABSTRACTS

5-6 October
Baku - 2011

Dedicated to the 20th anniversary of the
Independence of Azerbaijan Republic

Посвящается 20-летию независимости
Азербайджанской Республики

**GEOLOGY INSTITUTE
AZERBAIJAN NATIONAL ACADEMY OF SCIENCES**

**THE 4TH INTERNATIONAL SCIENTIFIC
CONFERENCE OF YOUNG SCIENTISTS
AND STUDENTS
“EARTH SCIENCES: NEW APPROACHES
AND ACHIEVEMENTS”**

A B S T R A C T S

**October 5-6, 2011
Baku**

INTRODUCTION

Abbasov J.S., Kazimov R.R., Abbasov T.S. <i>A new method for determining abnormally high reservoir pressure (AHPR) with geophysical data</i>	9
Abdel-motaal Abdel-nasser and Raafat E. Fat-Helbary. <i>Site effect estimation at New Kima factory site, South Egypt</i>	10
Adilkhanova A. <i>Oil field atmosphere air impact assessment (in terms of Kalamkas field)</i>	12
Adeishvili N. <i>Some new data concerning to Ivanovo lifting of Khrami massif</i>	13
Akhmet A.A. <i>Confirmation of a 3D seismographic work programme for the Atambai-Sartyube field</i>	14
Ajibayeva A.A., Ayazova K. B. <i>Implementation features of CO logging operations in conditions of Uzen field</i>	15
Aliyev F. <i>Seismic hazard assessment of Azerbaijan territory using new data</i>	16
Aliyev Z. <i>Granulometric composition and mineral association of native gold Dagkhesamen deposit (Lesser Caucasus)</i>	17
Amrakhov R.R. <i>Primary features of halogenesis in the Productive Series of the Lower Kura depression</i>	19
Arkady Rogalsky. <i>The perspectives of oil-gas bearing of Paleozoic rocks of intermountain trenches of Tien Shan and Pamir-Alay (Kyrgyzstan)</i>	20
Asadova A.V., Mammadov V.A. <i>Geothermal database and map of the geothermal resources of the Absheron and Shamaha-Gobustan regions</i>	22
Askerova R., Hamidova A. <i>Petrophysical model of oil and gas fields Mishovdag, Kyurovdag and Neftchala</i>	24
Babazade A.N. <i>'Productive' and 'Red' series sedimentary sequences (Low Pliocene) of the Azerbaijan and Turkmenistan: distribution of trace elements and correlation</i>	25
Bayramova Sh.Sh. <i>New palynology data on the study of Maikop series deposits in the Shamakha-Gobustan region</i>	28
Bannayev R. Sh., Rashidov A. M., Jamalova Kh. Sh. <i>Statics correction significant of kinematic parameters in direct exploration of oil-gas deposit with refracted wave method of seismic exploration</i>	29
Bisenova M. <i>Study of sulphur distribution in oil of Mangystau fields</i>	31

Chevelcha E. <i>The Sucker Rod Pump diagnosis with the help of sonic waves</i>	32
Dzhuraev O.A., Hamidov H.L. <i>About reinforcement of the effect removed strong earthquakes on territory of the city Tashkent</i>	35
Dyachenko N.K. <i>Complex of corals tabulata of late ems the Southeast of mountain Altai</i>	37
Egorov E.V. <i>Criteria for ecological geodynamic zoning south slope of the northwest Caucasus</i>	38
Esmail Zade Z., Tehrani A.A., Nourali H., Jamshidi M. <i>A numerical approach for slope stability analysis of Sungun Copper Mine</i>	41
Fahriddinov Zh.F., Khamidov L.A., Shukurov Z.F. <i>Quantitative estimation of the stresses zones of the intersection of seismoaktives and passive faults of the West Tian-Shan's</i>	43
Fazli Khalaf. L, Jamshidi. M. <i>Ore reserve estimation by using artificial neural network</i>	46
Farzaliyeva E.V. <i>Ostracode complex lowerpleistocene sediments (the Baku horizon) to area Arandaniz – Sabail</i>	47
Gadjiev A.A. <i>Influence of the vibrating field on physical properties of the hydrocarbon liquid and recovery ratio of oil from the bench</i>	49
Georgieva G. <i>The Moho's structure in beneath the Rhodopes massif obtained from receiver function analysis</i>	50
Gibsher A. <i>The Ordovician volcanism and composition of the upper mantle beneath West Sangilen</i>	52
Gjorgjeska I., Stamatovska S. <i>Investigations of local seismogeological structure by application of geophysical methods</i>	54
Gribovskaya Olga. <i>Prospects of oil and gas of the crystalline basement of the North-Pripyat shoulder (Belarus)</i>	55
Guseynov A.R. <i>Mud volcanism and oil-and-gas content of the South-Caspian basin</i>	56
Humbatova S.B. <i>Prediction of abnormal pressure zones in the sedimentary section of South Caspian Basin using seismic data (exemplified by Absheron field)</i>	58
Huseynova N. <i>Outcrop study of the South Caspian Lower Pliocene HC production unit: basinward environmental changes and reservoir characterization</i>	60
Huseynova M.A. <i>Classification of non-anticlinal type traps and determination of oil contour in Binagady oil-gas deposit</i>	61

Huseynova Sh. M. <i>The 3D geological model of the transition zone of the western flank of the South Caspian Basin</i>	64
Igamberdiev E.E. <i>Complex (Au-Ag, Pt, Pd, R) deposits of Almalyk-Angren ore district (Uzbekistan)</i>	66
Isakov S.I., Matsapulin V.U., Tulysheva E.V. <i>The volcanic ashes of Upper Cenozoic deposits of Dagestan foothills</i>	68
Janutyte I. <i>Seismological monitoring of Lithuania</i>	71
Japaridze N. <i>Structural factors of gold-bearing and copper mineralization of the Sakdrisi deposit</i>	73
Kamalov K.N. <i>Dynamic and kinematic interpretation of seismic materials obtained from the Middle Kura depression</i>	75
Karagozova N.R. <i>Fractal characteristics of Azerbaijan territory seismicity</i>	76
Karamurzaeva A.B. <i>Geologic aspects clarification of lower cretaceous deposits in the eastern part of Kalamkas field</i>	77
Kareem Ayolayo Zacchaeus. <i>Eco-environmental Change Records of Antarctic Ice-free Areas in the Sediments Influenced by Marine Animals</i>	79
Kauchakova E.E. <i>Typification geological monuments of nature in the upper reaches r. Mrassu (Mountain Shoria)</i>	80
Kazimov I.E. <i>The seismic anisotropy under a southern slope of the Great Caucasus</i>	84
Kazimova S.E. <i>Spatially-velocity heterogeneity of earth crust of Azerbaijan according by the digital seismic stations</i>	85
Kerimova P.A., Osmanova O.O. <i>Differentiation criteria of the earthquakes focal zones according to geochemical fluids fields of Azerbaijan</i>	87
Khibassov B., Shilanov N. <i>Capacitive-flow properties in complex reservoirs Triassic complex according to the exploratory well № 12 deposit Pridorozhnoe</i>	88
Khoshchehr M. <i>Detection of faults on seismic section based on 2D CWT</i>	89
Kirilov A. <i>About the utilization of associated water Yakovlev iron ore deposit (KMA, Russia)</i>	91
Klimova E. V., Matrenichev V.A. <i>Granulometry and chemical composition of clayey deposits in caves</i>	94

Kojevnikova D.A. <i>The correlation between changing of diatom assemblages from sediments of delta Kura river and Caspia sea transgressions and regressions</i>	96
Kokh S.N., Sokol E.V. <i>Scenarios of combustion metamorphic events of ancient mud volcanoes (Kazakhstan, Israel, Jordan)</i>	98
Korkusuz Y., Ozel N.M., Tan O. <i>Discrimination of Fault Planes from Auxiliary Planes using large number of P-wave first motion Polarities in Yalova Cluster</i>	100
Kovalchuk A.N. <i>Features of geological structure of cross-sections of the Miocenian and Pliocenian age around the village Vasilyevka (Zaporozhye region, Ukraine)</i>	101
Krilov P. <i>The research of the development of relief-forming processes with the use of archival data of distant probing and photogrammetry</i>	102
Mamedova C.A. <i>Revealing of zones of a tension of Lesser Caucasus according to telemetering stations of Azerbaijan</i>	104
Mansoob T. <i>Detailed studies on volcanic activity and related phenomena in Harrat Al-Shaqah (Lunayyir), Western Saudi Arabia</i>	106
Matiashvili S. <i>Landslide Investigation by Seismic Methods</i>	107
Melikov A. <i>Criteria of consanguinity Organics Substances and its various derivatives</i>	108
Mammadov T.E. <i>Development results of SK suite of the north wing of Binagadi oil-gas deposit according to the research materials of well by geophysical methods</i>	110
Mingboev Q.R. <i>The variations of specific electrical resistance of shingle-gravel deposits in the hydrocarbon polluted area</i>	112
Minibaev N. <i>Facial model of J2 reservoir of Lovin oil field</i>	115
Mirzoyev F.A. <i>Catagenesis of the Upper Jurassic reefogenic formations of the South-Eastern Caucasus</i>	116
Mirzayev Sh.A. <i>Actual problems of the Middle clastic rocks and mudstones Yalama-Khudat Paleozoic protrusion Caspian Depression</i>	117
Myshenkova M.S. <i>Fluidolites of Northern slope of volcano Elbrus</i>	118
Mollayeva P.A., Gadirov K.V. <i>Study of Upper Cretaceous sediments geological structure in Yevlakh-Aghjabedy depression with gravimetric investigation</i>	119
Nugmanov I. I., Eronina E.V., Dautov A. N., Khabibullin R.R. <i>Geodynamic activity of the oil producing regions of the Republic of Tatarstan according to the data from ERS-1, ERS-2</i>	120

Nurmagambetov K.K. <i>Feasibility justification of well jet pumps testing in Uzen field</i>	122
Pastushak S.M. <i>Evaluation of the quality of the waters of batkelovian aquifer in the city of Belgorod</i>	123
Patina I. <i>Methodic and practice of sequence stratigraphy analysis</i>	125
Pavlova K. <i>Petrology and geochemistry of Lehta quarts porphyries (East Karelia)</i>	127
Pestrikova N.L. <i>Gashydrate areas in the Sea of Okhotsk</i>	128
Poletayeva Y.V. <i>Models of regional deep faults of the earth crust of the Caspian Sea and their qualitative and quantitative characteristics</i>	130
Popov S.N. <i>Some details of modeling the indicator diagrams of wells, which revealed the fractured-porous type of reservoir</i>	131
Proskurin G.Yu. <i>Features nobly-methyl mineralization in metasomatic of the Vinchensky structure (Tiksheozersky GSB, North Karelia)</i>	132
Rashidov T. <i>Mud volcanism and its relation with seismicity (following the example of Dashgil mud volcano)</i>	134
Rezaeifar M. <i>Non-linear Travel Time Local Earthquake Tomography in the West of Alborz Mountain, Iran</i>	137
Rustamov T.M., Shakaraliyev A.F. <i>Transformation of gravity magnetic fields in regions with complicated geological structure</i>	138
Sabirova A. <i>Assessment of usable groundwater resources and contaminant emmissions at well abandonment in oil & gas field</i>	139
Safarov R. <i>Present-day kinematics of the Arabia-Eurasia collision zone (Azerbaijan)</i>	140
Saki M., Doloei Gh. J., Sadidkhouy A. <i>On the Seismic Wave Anisotropy in the Upper Crust of Bam Area in South Eastern Iran</i>	141
Selezeneva N.N. <i>History of sub-salt deposits in Bielskaya depression of Pre-Ural foredeep</i>	143
Seskuriya O. <i>Petrology of Khrami Massif Garnetiferous Granitoids</i>	144
Schindler P., Jentzsch G. <i>Crustal structure of northern Victoria Land, Antarctica, investigated by combined 3D modeling of gravity and magnetic data</i>	146
Shchukina E.V., Malkovets V.G, Pokhilenko N.P., Golovin N.N. <i>Mineralogical composition and equilibrium P-T conditions of peridotitic xenoliths from V.Grib kimberlite pipe (Arkhangelsk region, Russia)</i>	147
Shirinova Z. <i>Seismicity of Azerbaijan part of Lesser Caucasus</i>	149

Shikhova L. <i>About the lithological peculiarities of the Productive Series</i>	150
Soleimani Mehrdad Monfared, Hamid Aghajani Sukova T. <i>A new approach in optimum bit selection based on minimum cost and time in oil and gas well drilling</i>	152
<i>Constuction of dynamical models of geological bodies of dynamical reserves and calculation of their volumes</i>	153
Suleymanov E.V. <i>The dynamics of development VI horizon oil-field Balakhany-Sabunchi-Ramany</i>	155
Urazov J.D. <i>Layered system with a downward development extraction and mined-out space as a solution rational use of “Kizilalmasay” mineral deposits</i>	157
Valiyev A.F. <i>Application of GIS-analysis for estimation of ecological situation of oil-contaminated areas of Absheron peninsula</i>	160
Veliyeva F. <i>The Radon problem in Azerbaijan</i>	161
Veis V.A., Dvornikov E.V, Pchelintseva Koptev N.F. <i>Numerical modelling distributions of coherent and incoherent components in vertical section fiber intrusion Kiviakka</i>	162
Yadav R.B.S., Chopra S., Singh A.P., Kumar S. <i>Coseismic Coulomb Stress modeling of three largest earthquakes in NW Himalaya: A perspective on future seismic hazard</i>	165
Yashchenko M. <i>Evolution of volcano Etna</i>	167
Yashin I., Obrovets S. <i>Domanik-type facies in Lower-Famenian deposits of the Central oil- and gas-prospective region of the Pripyat Trough (Belarus)</i>	168
Yousef Kh. <i>Saudi National seismic network (SNsn) and seismicity of Saudi Arabia</i>	170
